

FAASTeam presents:

NW Mountain Virtual Aviation Safety Week - March 26 2021 - Day 4 - Session 1

The theme of the presentation is “staying legal and safe” flying in and around Class B and C airspace. A review of Class B and C rules and regulations, with local examples of KSEA, KEGG and KPDX and lessons learned from WSP Aviation about high intensity operations under the Seattle Class B. We will also review pilot deviations and hot spots in and around these types of airspace; and what to expect if a pilot deviation occurs.

Directions: This Virtual Aviation Safety Event will be hosted using the Goto Webinar platform.
Goto Webinar registration link:
<https://register.gotowebinar.com/register/7119739524853337357>

Once registered, you will receive an email confirmation from the Goto Webinar system platform with joining the webinar information for each topic you have registered. Thank you for your participation.
